# SUCCESS CENTER

## ABOUT

The Counseling Center's Success Center is a one-of-a-kind service for our clients and employees. We offer classes and one-on-one guidance for a wide range of life skills. These include topics such as: job placement and advancement, budget and money management, building good credit, and seeking a driver's license or purchasing a home.

TCCWorks is the vocational development division of the Success Center with the mission to help transitional clients achieve stability and independence in a safe, supportive social and work environment. Some of the vocational development programs include: construction, equipment operator, manufacturing, environmental services, and auto repair.

### Life Skills

Take classes in money management, grocery shopping, resume building & job interview skills.

### Life Management

Get your driver's license and receive guidance on how to build good credit and get out of bad debt.

“ I have been mentored into becoming a valuable, productive member of society. The leadership here has helped me gain a career, a car, a home and healthy relationships.”
